

GLOBAL ACCOUNTING SUPPORT, WHEREVER BUSINESS TAKES YOU

Local expertise · Global coordination · Financial reporting you can rely on

Local knowledge. Global reach. One financial picture.

Local expertise with a global view

Accounting, tax, payroll
and compliance support
where you operate.

U.S. GAAP reporting

A central accounting and
reporting hub for your
international operations.

A flexible alternative

A connected finance
model that can grow as
the business grows.

Accounting happens locally. Reporting comes together globally.

Designed for companies doing business across borders

- ▶ International companies entering the U.S. market
- ▶ Foreign-owned U.S. subsidiaries
- ▶ U.S. companies with international subsidiaries
- ▶ Private equity-backed companies expanding internationally
- ▶ Companies acquiring businesses in other countries
- ▶ Organizations that need U.S. GAAP reporting across global operations
- ▶ Growing companies that don't want to build a large international finance department

Let's talk about your global finance needs.
